

M.I.S.S. Foundation/San Antonio *Mothers In Sympathy and Support*

MISS Foundation is a non-profit, volunteer-based organization committed to providing support to families after the death of their child whether through miscarriage, stillbirth, neonatal death, premature birth, congenital anomalies, SIDS or a child's death at any age.

MISS offers immediate and ongoing support to any family who has experienced the death of a child. This support can be by phone or e-mail or in person. Support can be peer-to-peer or in a group setting. Both local mentors have personally experienced the death of a child through stillbirth and/or miscarriage. *All support resources are free of charge.*

No family should walk the journey of grief alone.

*For the most up-to-date meeting details, please call, e-mail or visit
the local chapter website:*
